BACKEND PROGRAMMIST

I am Backend developer. The reason i chose this field is that I have been interested in computers since I was young, and I also became interested in coding. I am creative and quick thinking. I can work a team. I quickly fix errors in codes. I still learning the Backend and also learning English.

WORK EXPERIENCE

Telegram-bot create

2024 - PRESENT

- To create the perfect Telegram-bot:
- My creates bots: Translator bot, Evos bot , Computer sales bot
- When making these bots, you need to know how to work with a database.
- I created a bot using SQL programming language.

National houses project

2023-2024

Django,HTML,CSS Python
programming language

- It's like using HTML, CSS, Python programming languages to create a project
- I developed websites using HTML CSS and Python.
- In this project, i developed pictures of houses,prices, number of rooms, information about the house.

Nowadays

2024 - 2025

Perfect Web site creation

- I am working with HTML codes.
- I'm working on bug fixes
- I'm learning programming languages
